

Cutlery

Stainless Steel Cutlery

Elite Service

The pattern selected by Jamie Oliver for restaurant *Fifteen* in London. The satin-finish teardrop handles retain their upturned ends but are otherwise unembellished for a clean, contemporary look.

Mirabelle Service

Mirabelle is a lighter weight pattern for those who want to create a sophisticated look. This classically inspired design features upturned teardrop handles accented with a simple reeded edge and a mirror finish overall.

Princess Service

Simple, slender cutlery for any setting. The understated sensuality of the Princess pattern has made it a favourite choice for both fine dining and casual settings.
